

# INZIEVAR WOODLANDS

## Inzievar Woodlands

Inzievar Woodlands (Scotland) company managing local native woodland, and sawmill for timber construction.

Country: UK, Scotland  
 Contact name: Chris Morgan  
 Address: Oakley, Fife, KY12 8HB  
 Tel.: 01383 851328  
 Email: [inzievar@scottishwood.co.uk](mailto:inzievar@scottishwood.co.uk)  
 Website: [www.scottishwood.co.uk/](http://www.scottishwood.co.uk/)

## Natural Energy Efficiency and Sustainability (NEES)

Best Practice in Products and Services

### 1. Product Description

Scottish Wood is an innovative project born from extensive and ongoing research into the woodland culture in Fife. It is the trading arm of the [Dynamic Woods](#), a Scottish Charity that brings together local communities, environmentalists, landowners and local businesses to promote the sustainable development of our woodland resources. Its aim is to regenerate a thriving woodland culture, maximising the potential from our existing broadleaf woodlands. This in turn will secure the future of our woodlands; it will help to improve our local environment, boost our local economy and create genuine local employment and training opportunities.

### 2. 'Natural' and/or 'recycled' content

Timber is a renewable resource however the vast majority of our local hardwood resources are wasted or underused. The hardwood industry is left mainly to a few large continental or English firms who send their salesmen to scour the land searching for the very best trees to export and process outside Scotland. Some of these products are then re-imported as prime grade timber or veneers. The rest of our timber is deemed "waste" or valueless, trees that have graced our land for hundreds of years are even dumped in landfill sites.

3. Percentage of the product processed and / or manufactured in the NPP region : 100%.

4. Recyclability / biodegradability 100%

5. Contribution to energy efficiency in buildings

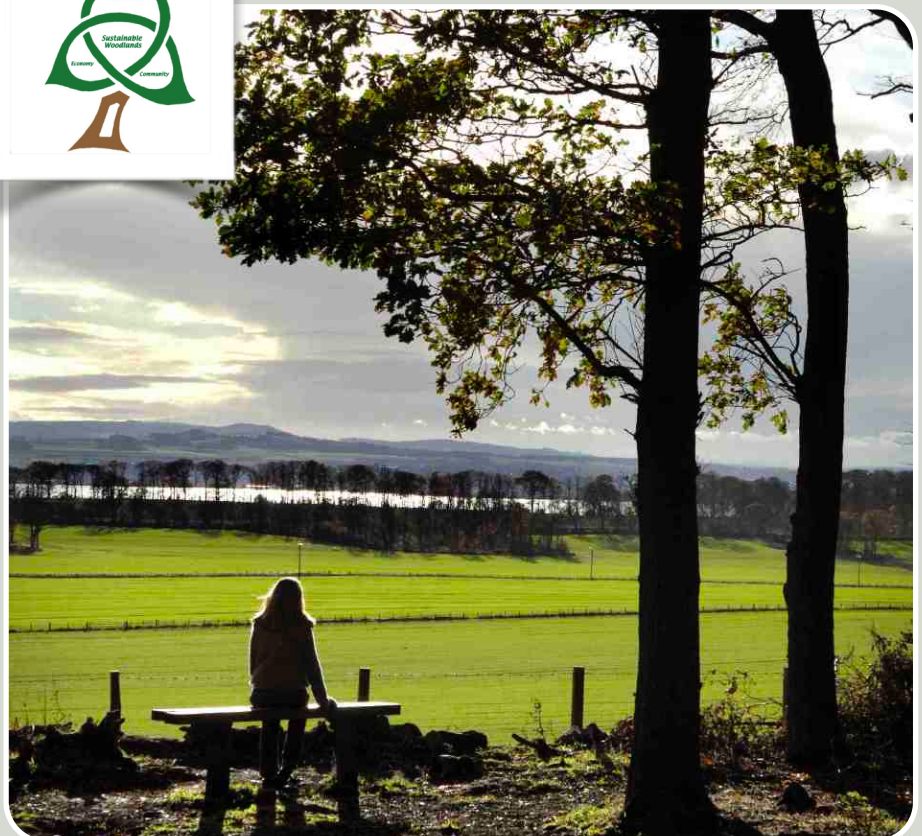

6. Lifespan

7. Costs – Product and maintenance

	M <sup>3</sup>
ASH	£1120- £1341
BEECH	£1120- £1341
BIRCH	£1120- £1341
ELM	£1260 - £1765
LARCH	£565 - £700
LIME	£1120- £1341
SYCAMORE	£998- £1341
OAK	£1260- £1765
